Rule 805

Scope of Order

An order for abatement issued by the Hearing Board shall include an order to comply with the statute or rule being violated. Such order may provide for installation of control equipment and, except in the case of a violation of Section 41700 of the Health and Safety Code, for a schedule of completion and compliance. As an alternative to an order to comply, the Hearing Board may order the shutdown of any source of emissions which violates any statute or rule. An order for abatement may also include a directive to take other action determined appropriate to accomplish the necessary abatement.

Findings

No order for abatement shall be granted unless the Hearing Board makes all of the following findings:

- a. That the respondent is in violation of Section 41700 or 41701, Health and Safety Code, or of any rule or regulation of the Air Pollution Control Board.
- b. That the order of abatement will not constitute a taking of property without due process of law.
- c. That if the order for abatement results in the closing or elimination of an otherwise lawful business, such closing would not be without a corresponding benefit in reducing air contaminants.

RULE 807

Pleadings

Any person may file a written answer, other responsive pleading, memorandum, or brief not less than five days before the hearing. Said documents shall be served the same as petitions under Rule 803.

Rule 808

Evidence

- (a) Oral evidence shall be taken only on oath or affirmation.
- (b) Each party shall have these rights: to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination; to impeach any witness regardless of which party first called him to testify; and to rebut the evidence against him. If respondent does not testify in his own behalf, he may be called and examined as if under cross-examination.
- (c) The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now, or hereafter may be, recognized in civil actions, and irrelevant and unduly repetitious evidence shall be excluded.
- (d) The Hearing Board shall allow interested members of the public a reasonable opportunity to testify with regard to a matter under consideration. Interested persons may attend and submit oral or written statements at the hearing; however, it is desirable that written statements be submitted to the Hearing Board five days before the hearing. Statements need not conform to formal rules of evidence, nor with subsections a, b, or c of this rule. The chairman may impose reasonable limits on the duration of oral presentations.
